

# Part I Crimes, Part II Crimes, Group A Offenses, Group B Offenses.

## What exactly are they and who produces them?

### Part I Crimes and Part II Crimes

Part I and Part II Crimes are “Summary Based” terms. Only agencies that submit Summary Based data produce Part I and Part II crimes; however, BCI has a program that extracts Summary Data out of Incident Based data, so that we can see what that IBR agency WOULD HAVE submitted had they been a Summary Based agency. This allows for comparison between Summary Based and Incident Based agencies.

**PART I CRIMES** are also referred to as “Index Crimes.” These are the eight crimes of:

- Homicide
- Rape
- Robbery
- Aggravated Assault
- Burglary
- Larceny/Theft
- Motor Vehicle Theft
- Arson

Usually, when the news media talks about crime rates going up or down, they are referring to the eight index crimes.

A statewide tally of Part I Crimes can be seen near the beginning of each *Crime in Utah* Report. In the 2001 Report (<http://www.bci.utah.gov/Stats/2001.pdf>) the tally can be seen beginning on Page 12, under the title “Local Agency Overview.”

**PART II CRIMES** are just about all other crimes other than the eight Part I offenses listed above. The Uniform Crime Reporting Program gathers *only arrest data* for the Part II Crimes. Again, BCI has a program that extracts Summary Based Part II Arrests out of Incident Based data, which allows for comparison between Summary Based and Incident Based agencies.

The Part II Offenses are:

Simple Assaults	Gambling
Forgery and Counterfeiting	Offenses Against the Family and Children
Fraud	Driving Under the Influence
Embezzlement	Liquor Laws
Stolen Property Offenses	Drunkenness
Vandalism	Disorderly Conduct
Weapons Offenses	Vagrancy
Prostitution and Commercialized Vice	All Other Offenses (except traffic)
Sex Offenses (except rape and prostitution)	Curfew and Loitering Laws (Juveniles only)
Drug Abuse Violations	Runaways (Juveniles only)

Incident Based agencies do not directly submit Part I and Part II offenses; however, Part I and Part II totals can be extracted from their Incident Based data.

## Group A and Group B Offenses

Group A and Group B Offenses are “Incident Based” terms. Only agencies that submit Incident Based Data produce Group A and Group B offenses.

**GROUP A OFFENSES** are the majority of the criminal offenses that can be reported to law enforcement. These offenses include:

Arson	Kidnaping/Abduction
Assaults	Larceny/Theft and its subcategories
Aggravated	Motor Vehicle Theft

Intimidation	Prostitution Offenses

The IBR program can gather Administrative, Offense, Property, Victim, Offender, and Arrestee data on Group A Offenses.

Information on Group A Offenses submitted by Utah IBR agencies can be seen towards the back of the annual *Crime in Utah* Report. In the 2001 Report, (<http://www.bci.utah.gov/Stats/2001.pdf>) the Group A Offenses begin on Page 46.

**GROUP B OFFENSES** are “less serious” crimes in which the IBR program gathers ONLY arrest data. The 11 Group B Offenses are:
